THE SAND SOCIETY

Desert-inspired fabrics and furniture for a glamorous lifestyle. A sophisticated approach to a sunny life. The elegance of **The Sand Society** capsule draws inspiration from the rarefied atmosphere of a secretly rich environment, the desert. With a modern and light imprinting, the capsule captures the vibes of a cosmopolitan, dynamic and innovative lifestyle.

INTERIORS OVERLOOKING LANDSCAPES FLOODED WITH LIGHT

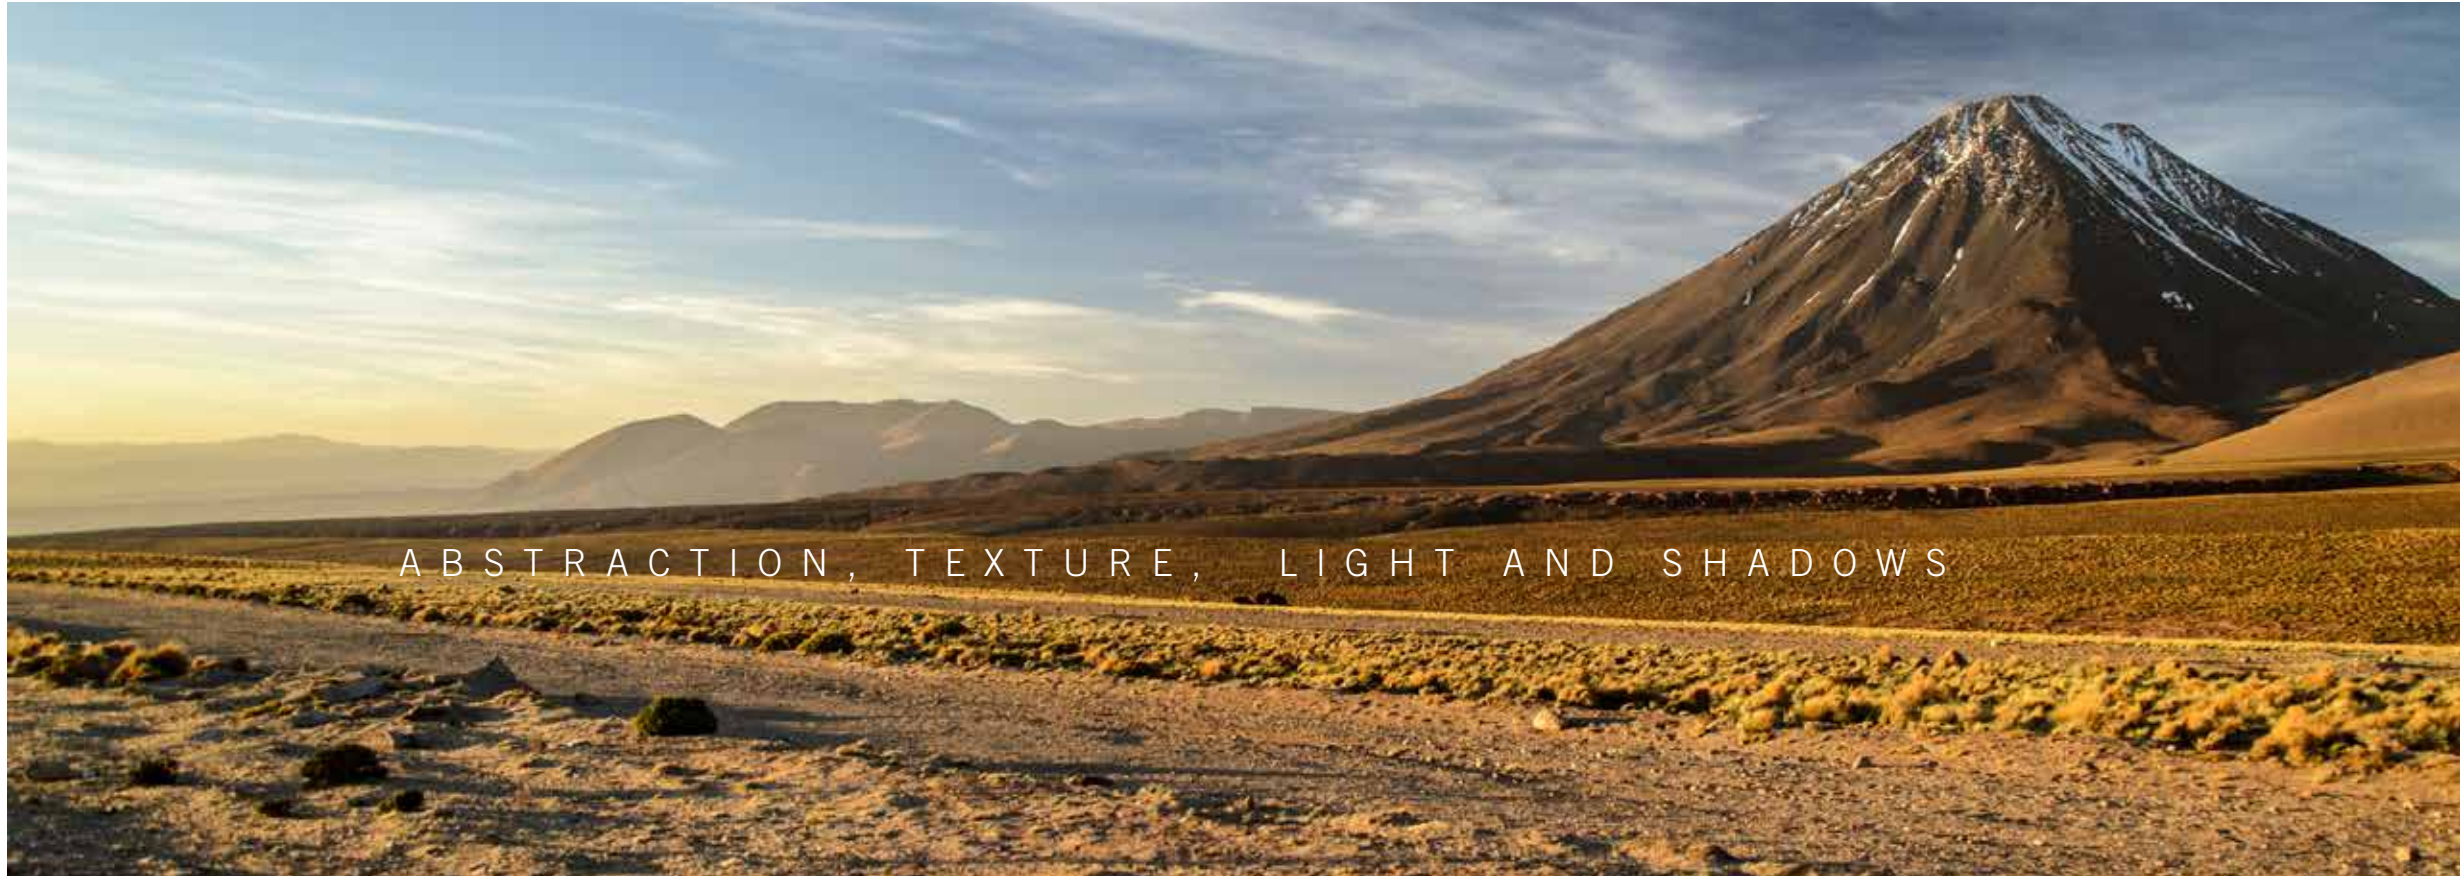

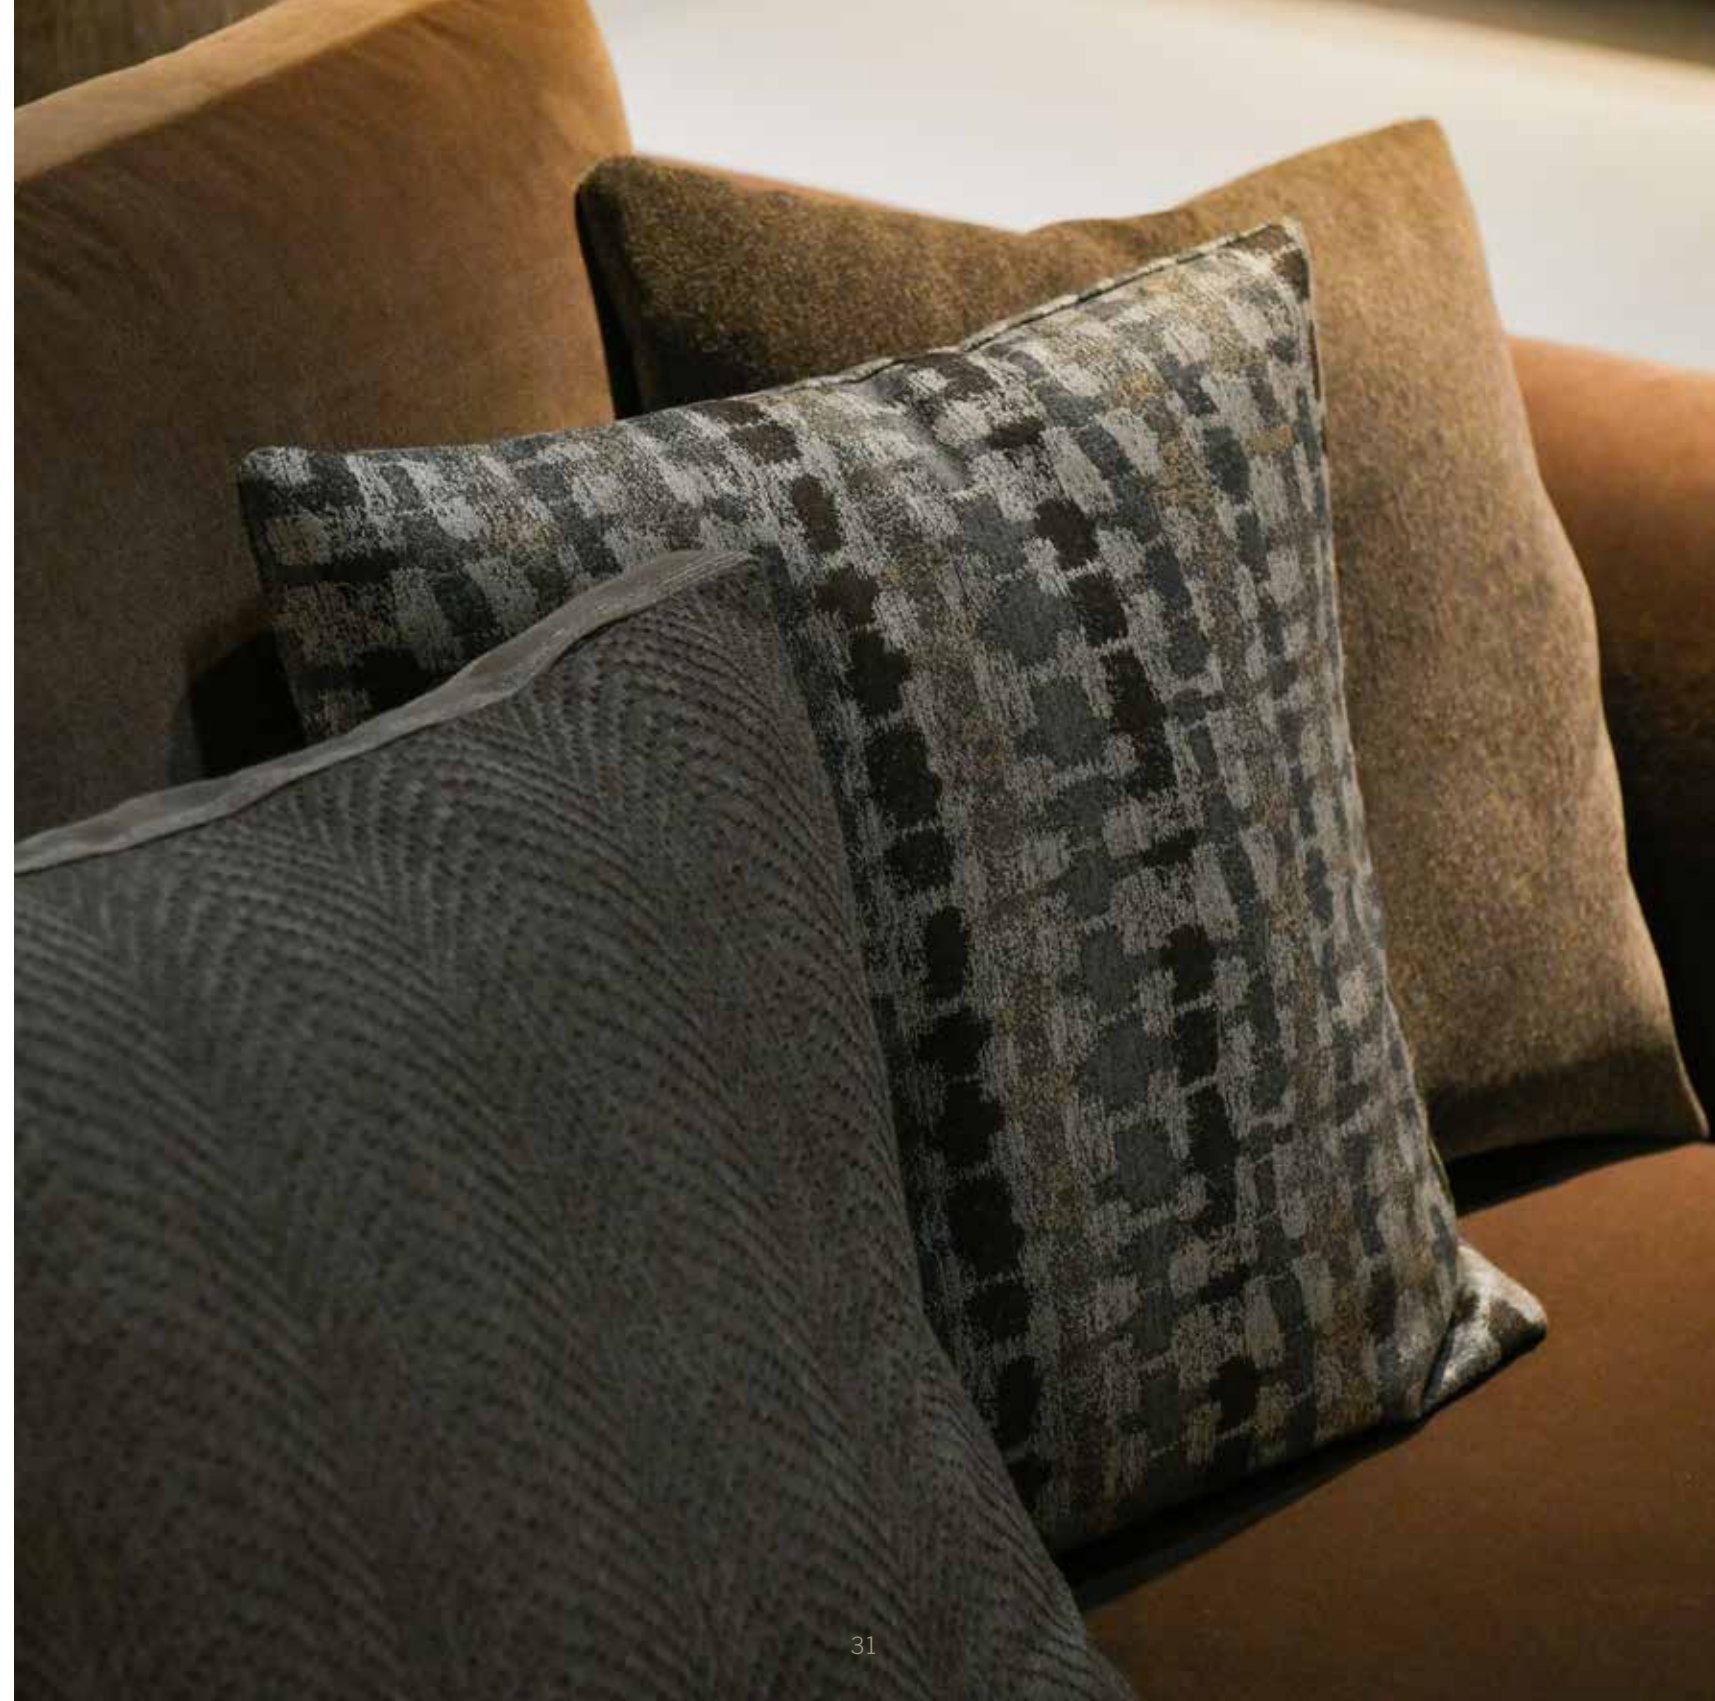

Rising Desert is the first abstract subject in The Grand Design Wallcovering Collection. A creation with an extraordinary decorative effect that evokes a desert environment, where the styles of historical abstraction meet the natural inspiration found in the volumes of rocks and sands worked by the wind. Rising Desert goes beyond the traditional idea of wallcovering, getting closer to the concept of art.
